As the founder of Angel Notion ( [www.angelnotion.com](http://www.angelnotion.com)), I coordinate urgent surgeries for children of under privileged families here in Playa del Carmen, Quintana Roo, Mexico. For the past four months, I have been monitoring the progress of Incy Fe Duarte, a one-year-old girl from Cozumel who is in need of a heart surgery. American Airlines Miles for Kids program has donated the flight for Incy and her family (twin sister, mother and father) to go to Texas for the surgery. They have been there since the 1<sup>st</sup> part of February. Incy has finally grown enough to undergo the surgery. The surgery must take place immediately to save her life .Our goal is to have the funding by Monday, the 28<sup>th</sup> of April.

Incy was diagnosed at birth with a congenital heart defect-a hole between two of her ventricles. She also has a VSD, which means one of her ventricle arteries is deformed. Dr. Steven Bailey, Dr. James Rogers, her cardiologists and Dr. John Kupferschmid, her Cardiovascular Surgeon are donating their experience. The university is donating all services except for the ICU stay which is projected to be for several weeks following and that will total \$ 25,000.

Dorinda Escamillia of the Santa Rosa Mission in Muzquiz and Los Amigos de Los Ninos Project contacted us to offer help with Incy. They have donated \$10,000! And Goodmark Jewelers of Cozumel, has donated \$1500.

We now need to raise \$13,500 to cover the ICU stay!

If you would open your heart and make a donation for this urgently needed surgery, you would be saving the life of a little girl and giving her a chance that she currently does not have. Please send donations to:
